

4th Annual Examining Corporate Tax Strategies for Multinational Corporations

June 24, 2008 • DLA Piper

EVENT DESCRIPTION:

Business Development Institute and DLA Piper are pleased to present The Fourth Annual Examining Corporate Tax Strategies for Multinational Corporations. The conference will focus on examining strategies for multinational corporations that want to reduce their foreign effective tax rates. Presentations will focus on methodologies and techniques shaping the industry and are aimed at achieving strategic tax objectives, including:

- update on cost sharing and transfer pricing regulations
- techniques to reduce foreign taxes in local jurisdictions
- update on proposed contract manufacturing regulations
- alternative structures for effective cash management
- effective business reorganization in light of market conditions
- coping with FIN 48
